Troid is a newfag and a mod on /a/ who doesn't watch anime.

[illegible]

Also browses /v/, plus promotes using emoticons and tumblr.

Note: He is too stupid to realize that tumblr does not change the filename, but also down scales the image. Thus directly going against Global Rule 6, which is to post quality images.

[illegible]

Moderators are global, but they tend to only be active on specific boards of their own choosing.

Troid and VCR Working (another /a/ mod) have actual discussion about the plot of My Little Pony.

[illegible]

Has clear favoritism for /u/ and dislikes /a/ yet mods the board anyway so he can ban people who do not share his opinions on subjects.

Wants to ban people for saying the word "yurifag."

(18:51:52) +kizibuz: Also Thud you have % on Chasity, won't people associate you to it?
(18:51:53) +kizibuz: what OCC?

Hey there! I'm Zach, a dude who likes to do computer stuff!
Just a nerdy guy searching for someone who shares interest in the
finer things in life like music, adventure, video games, outer space and
cats on the internet. I just moved to Seattle from a small town so I
have no clue what I'm doing.
Primarily a PC gamer, if that's something that matters to you.

I'VE ALSO GOT A KNACK FOR BROWSING REDDIT FOR HOURS ON END.
But wait! There's more!
Good listener! House trained! I can fix your computer! Pro cuddler.

The first things people usually notice about me
"Woah! That guy has a crazy tattoo!"
I have brown hair, yet my beard is red.

The six things I could never do without

- 1) The Internet (and internet capable devices)
- 3) Hot Sauces
- 4) Video games
- 6) Cats

I spend a lot of time thinking about

- 1) The nature of the Universe
- 2) What I just walked into this room for

You should message me if
night in watching Battlestar Galactica sounds appealing.
